

# Azalea Coast Amateur Radio Club

## Membership Application

The Azalea Coast Amateur Radio Club (AC4RC) is a non-profit organization devoted to the enhancement of amateur radio and to all amateur radio interests. We invite you to join and become a member of this exciting club.

The club owns, maintains and operates a 2-meter repeater on 147.180 + with 88.5 access tone. The repeater features an open phone patch, auto dialer, weather alert receiver, weather monitoring equipment, and a 440 MHz link access. A weekly 2-meter net, which is open to all amateurs, is held each Monday night at 9:00 PM, on the club repeater for rag chewing and informing members of coming events and club meetings.

Meetings are normally held on a monthly basis - the third Tuesday of each month. In November 2002, the club voted to have a dinner/meeting in February, April, June, August, October and our Holiday party in December. Dinner will start at 6:30 PM. On the odd months (January, March, May July September and November) our non-dinner meetings will be held. The location of this meeting will be announced on the repeater and on the club web site. Rag chews start at 7:00 PM with meeting underway at 7:30 PM. The normal meeting is for conducting club business, having informative technical programs, and carrying on good old one on one conversation covering our favorite hobby amateur radio.

If you are interested in participating in amateur radio activities and associating with a group of interesting and active Hams then fill out the Membership Application and send it to:

<b>Yearly Dues \$20.00</b> Mail application and check to club PO Box.	<b>Azalea Coast Amateur Radio Club</b> P.O. Box 4044 Wilmington, NC 28406
